BUFC Mission

Beach United FC's Mission is to help foster player's physical, mental, and social growth, so they can reach their full potential in life. Our club will provide quality staff, facilities, environment, and curriculum to give players the tools to be successful at the highest possible level, while demonstrating exemplary teamwork, sportsmanship, and passion for the game.

About BUFC

Beach United Football Club (BUFC) is an affiliate of United States Youth Soccer through the South Carolina Youth Soccer Association. BUFC offers soccer instruction and competition for boys and girls, ages 8-19; and fields Select and Academy (boys and girls) teams in the U10-U19 age groups that compete in the State Challenge, President's Medal and Coastal Soccer Leagues.

Beach United Football Club also offers a (Tournament Team) development program for U8-U12 players (boys & girls) who will be introduced to training that focuses on the "four pillars" of soccer (psychosocial, physical, technical and tactical). Additionally, BUFC offers developmental soccer programs and recreational league play.

Beach United Football Club's soccer players come from a wide geographic area including Myrtle Beach, North Myrtle Beach, Carolina Forest, Conway, Loris, Longs, Surfside Beach, Socastee, Murrells Inlet, Pawley's Island and Georgetown.

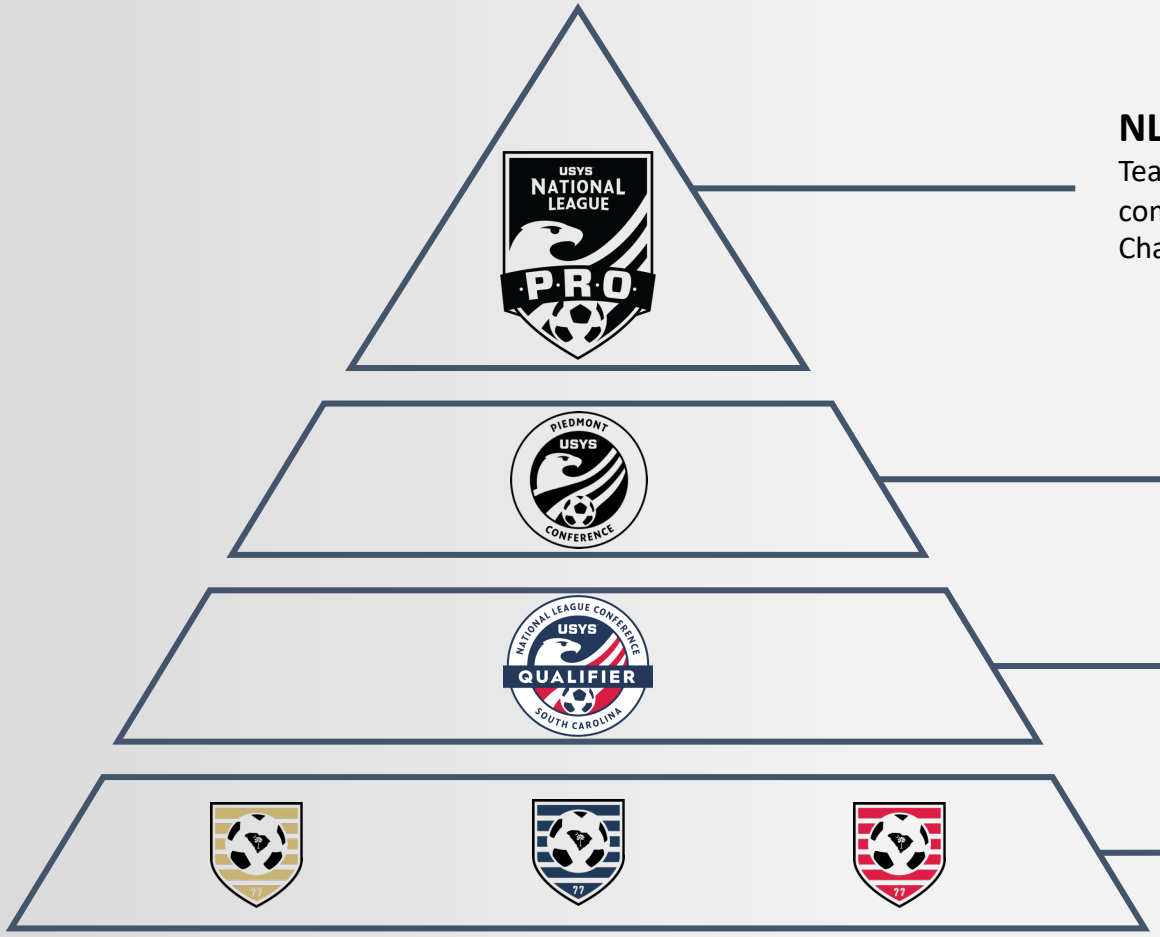
Beach United Football Club's soccer coaching staff is top-notch and draws from the professional, college, and high school ranks. BUFC coaches all have earned USSF or NSCA certifications, share a passion for the game and are committed to player development.

Beach United Soccer Club's home fields are located in Myrtle Beach at the Market Common (the former Myrtle Beach Air Force Base) soccer fields situated off Meyers Avenue.

Coaching Philosophy

Beach United Football Club youth soccer coaches and trainers share a passion for the game of soccer and are committed to player development. All team coaches must possess USSF or NSCAA coaching certifications. Each coach or trainer will have varied associations and experiences including playing at the collegiate or professional levels, coaching area youth soccer teams, high school or college soccer teams and holding multiple coaching certifications. In certain age groups, Beach United Football Club will run a trainer rotation system enabling youth players to receive instruction from multiple soccer coaches, not just one, and expose each player to varied styles of coaching and experience.

Competition Pyramid



NL P.R.O
Teams that advance from playoffs level competing to qualify for the National Championships

NL CONFERENCE (PIEDMONT)
Multi-state league competition with pathway to Southern Regionals and NL events

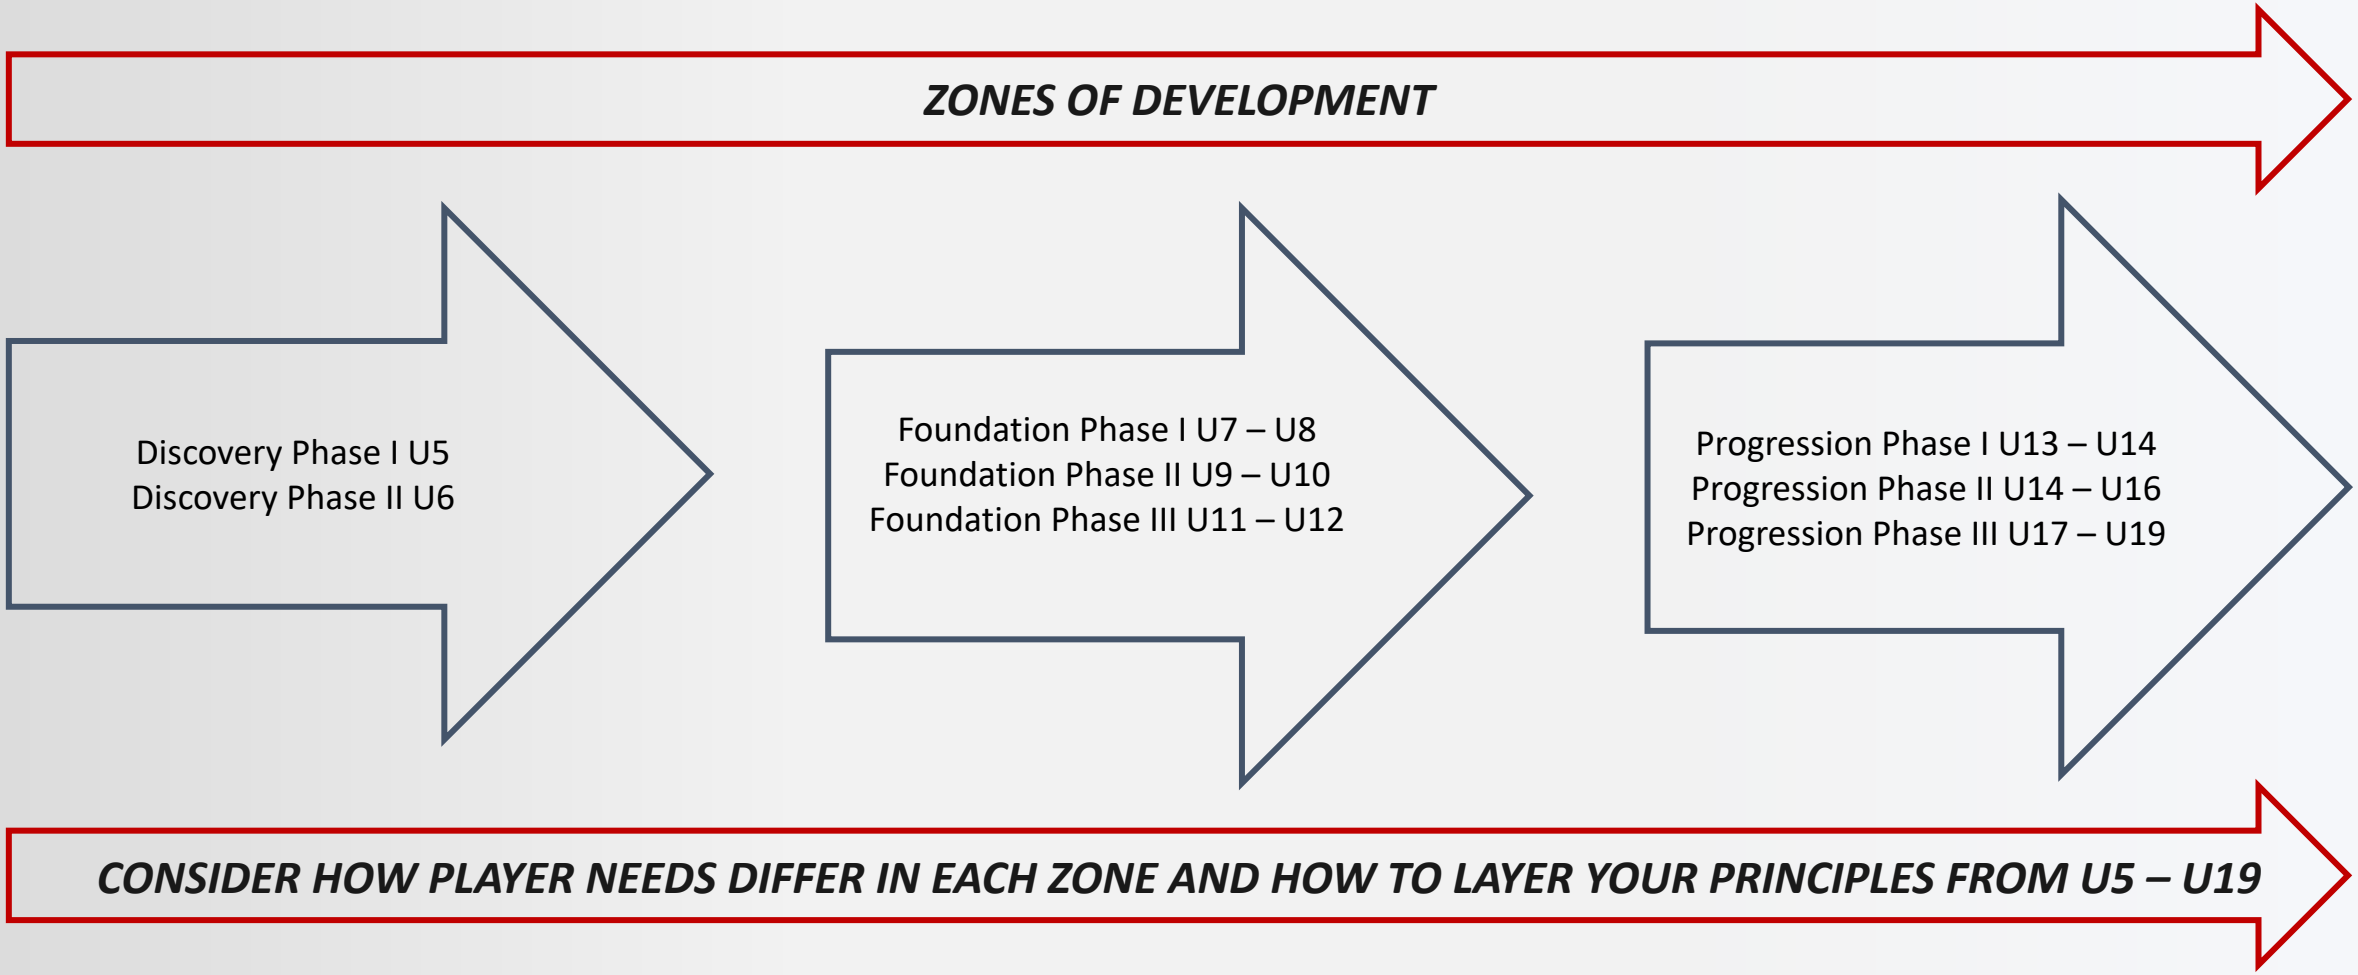
STATE DEVELOPMENT LEAGUES U8 – U19
Junior Academy U8 – U12 and PMSL and Open Divisions U13+

Zones of Development



Teaching Methodology

WHAT METHODOLOGY WILL YOU USE TO DEVELOP PLAYERS BASED ON YOUR PLAYER DEVELOPMENT PHILOSOPHY?

GAME FORM	MODIFIED GAME FORM	NON-GAME FORM
Reality-based environment with continuous play and flow. Promotes high level of transfer of learning from training to the game.	Like GAME FORM with intentional modifications that impact player decision making in a specific manner. Each choice in modification will have an impact/consequence; it is crucial for the coach to know the "why" of the modification.	Other types of activities including those in isolation (without an opponent).

PROGRESSIVE	REGRESSIVE	REGRESSIVE-PROGRESSIVE	CONSTANT
1. Warm up 2. 4v3 3. 7v6 4. 9v9 5. Cool down	1. Warm up 2. 9v9 3. 7v6 4. 4v3 5. Cool down	1. Warm up 2. 9v9 3. 4v3 4. 9v9 5. Cool down	1. Warm up 2. 8v8 3. 8v8 4. Cool down
